Subject: Microsoft Settlement

ATTENTION: JUDGE COLLEEN KOLLAR-KOTELLY

Please settle the lawsuit between Microsoft Corp and the government now. I believe it would benefit the consumer and the economy. As a tax payor, I feel that the government has wasted a lot of money on a lawsuit that should of been settled long ago. Let's do something productive with our tax money.

I'm self-employed and been using computers since the early 80's. Computer programs in the 80's were very diificult to learn to use. Microsoft created software that was user friendly and easy for the average person to use. It has improved my productivity and my life.

I URGE YOU TO HELP SETTLE AND THE LAWSUIT NOW. THANK YOU FOR LISTENING TO ME.

Sincerely.

Hanneli Turner
